Re: Valent U.S.A. Corporation  
Notice of Warning for Distribution of a Misbranded Pesticide  
Case File No. FIFRA-04-2019-8501

Dear Ms. Morris:

The U.S. Environmental Protection Agency has obtained evidence indicating that Valent U.S.A. Corporation appears to be in violation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). On or about January 10, 2019 and January 17, 2019, Geodis USA, Inc., the licensed customs broker for Valent U.S.A. Corporation, submitted a Notice of Arrival of Pesticides and Devices (NOA) in the U.S. Customs and Border Protection (CBP) Automated Commercial Environment (ACE) system for the importation and shipment of four tanks, each weighing 19,025 kilograms and three tanks, each weighing 19,006.66 kilograms, of the pesticide product Clethodim 37% [EPA Reg. No. 72056-3] that arrived at the Port of Savannah, Georgia under entry numbers 113-85024200, 113-85034571, and 113-85088619 on or about January 2, 2019, January 7, 2019, and January 14, 2019, respectively.

Upon review of a copy of the label that was uploaded into the ACE Document Imaging System, the tanks containing the pesticide product Clethodim 37% and the entry documentation provided to the EPA by Valent U.S.A. Corporation through the CBP's ACE system, the following was found: net weight was not included on the master label or the imported label, the label stated "Tulip" instead of "Turnip" under Directions for Use in the Individual Food Crops section, and a number was added to the emergency hotline section. Pursuant to Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136(j)(1)(E), it is unlawful for any person in any State to distribute or sell to any person any pesticide which is misbranded.

In response to the apparent violation of FIFRA, the EPA is issuing this Notice of Warning (NOW) to Valent U.S.A. Corporation pursuant to FIFRA Section 9(c)(3), 7 U.S.C. § 136g(c)(3). Within 30 days of the receipt of this NOW, an authorized official of Valent U.S.A. Corporation must submit a signed statement indicating that compliance with FIFRA has been achieved and identify the actions taken to achieve compliance with the requirements set forth. If this statement is not submitted and/or compliance is not achieved, the EPA may initiate a more formal enforcement action which could include the assessment of a civil penalty. Your statement should be submitted to:
